### **TOWER PRODUCTS TO EXHIBIT SPECIALTY UV/LED SOLUTIONS AT LABELEXPO AMERICAS 2018**

Tower Products, Inc., the leading manufacturer of environmentally sensitive pressroom chemistry for the graphic arts industry, will be exhibiting its full line of pressroom products for the flexographic industry at Labelexpo Americas 2018. Tower will be located in **Booth 5735**.

According to Mark Principato, Director of Flexographic Product Sales, this will be the third time that Tower Products has exhibited at Labelexpo Americas. The company will be featuring its Smartflex line, a series of specialty chemicals tailored to fit any flexographic and packaging pressroom and will be highlighting the LED/UV portion of their product line.
